

STATE OF HAWAII
REQUEST FOR EXEMPTION FROM CHAPTER 103F, HRS

4 SEP 30 08:49
ADMINISTRATION
STATE PROCUREMENT OFFICE
STATE OF HAWAII

To: Chief Procurement Officer

From: The Department of Public Safety/Health Care Division
Department/Division/Agency

Pursuant to § 103F-101(a)(4), HRS, and Chapter 3-141, HAR, the Department requests a procurement exemption to purchase the following:

Title and description of health and human service(s):

Specialty Health Care and Inpatient Hospital Services for the State of Hawaii Inmates housed in Florence, Arizona. This request for exemption from Chapter 103F, HRS is a renewal of a previously approved request for exemption, P.E.H. Number 03-17.

Provider Name: Carondelet Health Network	Total Contract Funds: Per case, as needed, estimated at \$500,000.	Term of Contract:
Provider Address: 2202 North Forbes Blvd. Tuscon, AZ 85703-0087	Contract Funds per Year (as applicable): \$250,000 per year not to exceed a total of \$500,000.	From: December 1, 2004 To: November 30, 2005 Renewable for subsequent one year period.

Explanation describing how procurement by competitive means is either not practicable or not advantageous to the State:

The Carondelet Health Network of Tuscon, provides specialized correctional specialty and inpatient hospital health care services. A secured, correctional hospital ward is set up to handle incarcerated patients without the need for additional security manpower. A Phoenix Hospital is also able to provide specialized correctional hospital care, but the Carondelet Network is unique such that it is able to offer the State discounted fees on their Cardio Vascular Surgical and other Specialty services provided through their affiliate network of hospitals. This would result in cost savings to the State, as other hospitals in the geographic area are not able to offer discounted fees on specialty care. Utilizing the services of an integrated Health Network would also provide better quality and continuity of care for admitted Hawaiian patients. This would also expedite approvals for emergent care as the Health Care Division would need to coordinate services with a single entity.

In the past year, inpatient specialty care services have been the highest cost item to the State for the Arizona inmate population, making an agreement with Carondelet Health Network advantageous to the State.

Although the State has moved most of the inmates from Florence, Arizona, the state will continue to benefit from a contractual arrangements with Carondelet for the care of the remaining inmates.

STATE OF HAWAII
REQUEST FOR EXEMPTION FROM CHAPTER 103F, HRS

Details of the process or procedure to be followed in selecting the service provider to ensure maximum fair and open competition as practicable:

An agreement with the Carondelet Network would also include discounted specialty care services at all of their affiliated hospitals, St. Joseph's, St. Mary's, and Tucson Heart Hospitals. Contracting with the Network would include Cardio Vascular Surgery, which is not included with other similar contractual arrangements in the geographic area. This would provide continuity of care for the State's inmate patients as contracting with other Arizona Hospitals would entail separate contracts for general and specialty hospital care. There would be the additional security costs associated with the use of non-secure facilities.

A description of the state agency's internal controls and approval requirements for the exempted procurement:

All requests for referrals to outside specialty care and for hospitalization for Hawaiian inmates in the custody of the Florence Correctional Facility and the Central Arizona Detention Center are forwarded to the Public Safety, Health Care Division Office for pre authorization. Upon receipt of the invoice by the Facilities for reimbursement, the Health Care Office staff will verify the pre-authorization and audit the charged amounts.

A list of state agency personnel, by position title, who will be involved in the approval process and administration of the contract:

Dr. Kay Bauman, Corrections Medical Director
Wesley Mun, Corrections Health Care Administrator
Carol Payne, RPN III, Acting Utilization Management Coordinator
Deb Stampfe, RPN VI, Clinical Branch Administrator
Tracey Gomes, Division Secretary
